Description

Perched 500 meters above sea level in Massa Lubrense, Villa Anto delivers those pinch-me moments. Wake up to Mount Vesuvius across the water. Watch Capri shimmer in the distance. Float in the infinity pool while the islands of Ischia and Procida frame your horizon.

This isn't just another coastal rental. It's a 500-square-meter home where traditional craftsmanship meets modern comfort. Original ceramics line the walls. Antique furniture fills sun-drenched rooms. French doors open to terraces where you'll spend most evenings, wine in hand, watching the sun dip behind Capri.

The garden sprawls across 3,000 square meters. Olive trees dot the lawn. The scent of citrus follows you from the pool to the outdoor kitchen, complete with wood-fired oven and BBQ. That covered dining terrace? It seats everyone comfortably, with views that turn every meal into an event.

Inside, four bedrooms sleep ten guests across two floors. The master suite opens to its own sea-view terrace. The kitchen connects directly to outdoor dining. Every bathroom sparkles with local tile work.

Yes, you're tucked away at the end of a narrow country road. That's the point. Pure tranquility, spectacular views, and space to breathe. Air conditioning and WiFi keep you comfortable and connected when needed.

Peak season (July 15-August 30) requires seven-night minimum stays. Other periods vary from three to six nights.
